CT Juniors is proud to offer an 8 week program that runs in conjunction with the State Program. Our Winter Positional Clinic is designed to create an opportunity for players to work on their own position individually, as well as in a game situation. The first day of the clinic will begin with individual skill work and the following week will focus on positional responsibility in a game situation. Each week will alternate in order to focus on all aspects of the players individual position.

**Please note:** This program is ONLY open to girls who are currently participating in our winter program and is limited to 40 participants.  
*We will accept outside players only if space permits.*
